BOARD MEMBER PRESENT: KIEVE KORTMANSKY

THE MINUTES FROM THE PREVIOUS MEETING HELD ON MARCH 17, 2016 WERE UNANIMOUSLY APPROVED.

ITEMS DISCUSSED:

The main topic discussed today was to see if we made any progress in controlling the volume of guests on the weekends at the outdoor pool beginning after the Father's Day weekend. There was a bid to install WIFI at the pool. We would have to implement a brand new system to modernize electronics in the clubhouse. It was determined that issuing new bar code passes would not be feasible for this summer.

Some input by the pool committee was to charge a fee for Father's Day, July 4th, and Labor Day since they are very busy guest weekends. We will be enforcing the FOUR guest pass policy for the summer of 2016.

Another suggestion was to keep the indoor pool open to adult residents only during the summer, which might alleviate some of the crowds at the outdoor pool.

Another possibility is to have additional management help in attendance at the outdoor pool on specific weekends. We need one mature adult lifeguard, preferably over the age of 25, to help enforce rules on the summer weekends.

There is no further information on installing background music this summer because we need a WIFI system to be installed in order to achieve this.

The committee recommended to the board that we hire an architect to determine if any expansion to the deck area at the pool is possible.

The meeting was adjourned at 11:00 a.m. The next Pool Committee meeting will be on Thursday, June 2, 2016 at 10:00 a.m.
